

WRITTEN STATEMENT.

(*in accordance with the 16^e article of the (EC) 1935/2004 regulation.

FOOD CONTACT

This is to certify that the chemical components of the **pan-glaze** silicon conform with the Requirements of the following food contract regulations:

EUROPE :	Yes	No
(EC) 1935/2004 Regulation		
European Council Resolution AP 2004(5) — Silicones	x	
UNITED STATES: FDA 21 CFR		
S175.300 : Resinous and polymeric coatings	x	

According to **(EC)** 1935/2004 regulation, it is the user responsibility to identify specific limitations for the application and to ensure that a suitable process is used to produce materials or articles that conform in every aspect to the above mentioned regulations in particular for the complete elimination of the solvents during the drying and the baking of the coating and for migration limitations.

In addition, the final user must ascertain that the final material and the food in contact are mutually compatible and involve no modification of the organoleptic properties thereof.
